School Results from the First Administration of the Criterion-Referenced Competency Test

On July 8, the Georgia Department of Education (GaDOE) released the school and grade level results from the first administration of the Criterion-Referenced Competency Tests (CRCT).

“Our test data serves as an evaluation tool for schools and the district, allowing us to identify areas of strength and improvement for students, curriculum, and instruction, as well as any possible needs in the area of professional development for teachers,” says Dr. Cathy Magouyrk, Deputy Superintendent for Teaching & Learning.

About the CRCT

Each year, the CRCT is administered across the state for grades 1-8. Students in 3rd grade must meet the standards on the Reading portion as one requirement to move onto the next grade, and students in the 5th and 8th grades must meet the standards on the Reading and Math portions as one requirement to move onto the next grade.

Test results under the Georgia Performance Standards (GPS) began in:

- 2008-2009 for 3rd, 4th, & 5th grade Social Studies; and
- 2009-2010 for 6th & 7th grade Social Studies.

Beginning in 2008, the state began factoring in the results of the second administration for the Criterion-Referenced Competency Tests (CRCT) to determine a school’s final results. The second administration of the CRCT was given in 3rd grade reading, 5th grade reading and math, and 8th grade reading and math from May 17-19, 2010. Results in these subject areas may increase once the results from the second administration are calculated.
